CAMPS POLICY

Rationale:
Camps are seen as an integral part of the school curriculum as they enable students to explore, extend and enrich their learning and their social skills development in a non-school setting. Camps may have a cultural, environmental or outdoor emphasis and are an important aspect of the educational programs offered at our school. A camp is defined as any activity that involves at least one night’s accommodation.

Aims:
• To provide students with the opportunity to participate in a camping program that is linked to social, cultural and educational outcomes for students.
• To provide shared class and year level experiences, team building and a sense of group cohesiveness.
• To reinforce and extend classroom learning.
• To provide a program that delivers skills and knowledge that may lead to a lifelong involvement in worthwhile leisure pursuits.
• To provide a program that promotes self-esteem, resourcefulness, independence, leadership, judgement, cooperation and tolerance.
• To further develop their problem solving and life survival skills
• To extend understanding of their physical and cultural environment

Implementation

GUIDELINES FOR ACTION
• All camps must be approved by the Principal and School Council.
• The principal or their nominee will ensure that full records are submitted to council regarding the camp well in advance of the starting date of the event and that no camp occurs unless all the formal record keeping has been completed and approved. Ideally all camps should be submitted to Council for in principle approval in the November/December Council meeting in the preceding year.
• Staff wishing to organize a camp must complete a camp proposal form and lodge this with the Assistant Principal for reference to the Principal for approval. All camps must be approved prior to running. This decision will be made by the Principal or Assistant Principal. The Principal in consultation with appropriate staff will consider the educational outcomes of the camp as well as the impact on the school program for the proposed dates.
• The Principal and Assistant Principal in consultation with organizing teachers will ensure that all camps, transport arrangements, emergency procedures and student/staff ratios comply with DEECD guidelines.
• The organising staff member will complete the “Notification of School Activity” online at www.eduweb.vic.gov.au/forms/school/sal/enteractivity.asp 4 weeks prior to the camp departure date, and pass on to the Assistant Principal to ensure relevant details are recorded in the Daily Organisational Diary and are entered on the daily absence/planning sheets.
• All approved camps will then be presented to School Council for their approval.

Access to Camp.
• All efforts will be made not to exclude students simply for financial reasons. Parents experiencing
financial difficulty, who wish for their children to attend a camp, are invited to discuss alternative arrangements with the Business Manager. Decisions relating to alternative payment arrangements will be made by the Business Manager in consultation with the appropriate staff, on an individual basis.

- All aspects of the camp will be outlined to parents in writing, including cost, sleeping arrangements, itinerary, activities, clothing and equipment lists, contact phone numbers, transport arrangements, student management processes, permission and medical forms and clearly stated payment finalization dates.
- All families will be given sufficient time to make payments for camps. All parental consent and medical forms must be completed, signed and returned and all money must be paid prior to leaving. Copies of completed permission notes and medical information must be accessible at the camp location by staff at all times.
- Only students that have displayed sensible, reliable behaviour at school will be permitted to participate in school camps. Parents will be notified if their child is in danger of losing the privilege to participate in a camp due to poor behaviour at school. The decision to exclude a student will be made by the Principal, Assistant Principal, in consultation with the organizing teacher. Both the parent and the student will be informed of this decision prior to the camp. All students participating in a school camp will be asked to sign a contract agreeing to abide by all camp rules.
- Parents will be requested to collect their child from camp if their child exhibits behaviour that is considered unacceptable or a danger to others. The Teacher in Charge, in consultation with a member of the leadership team, will make this decision. Costs incurred will be the responsibility of the parent.

**Organisation**

- All food, equipment, staffing, organization of activities and student management procedures must be addressed prior to the camp. Consideration needs to be given to students with special dietary and medical requirements. Parents should notify the staff in writing regarding special dietary and medical requirements when returning consent forms.
- Office staff will be responsible for managing and monitoring the payments made by parents and will provide organizing teachers with detailed records on a regular basis.
- The Teacher in Charge must provide the General Office with a final student list as well as posting a copy on the staff excursion notice board and on the intranet.
- In the case where a camp involves a particular class or year level group, the organizing teacher will ensure that there is an alternative program available for those students not attending the camp.
- The school will provide a mobile phone and first aid kit for each camp. The teacher in charge is responsible for collecting these prior to leaving.
- Parents may be invited to assist in the delivery of school camps. When deciding which parents will attend the organizing teacher will take into account any valuable skills offered (e.g. bus licence, first aid, etc), gender balance and special needs of particular students.
- For Outdoor Education activities with high risk (as specified in the risk analysis tools – Appendix E) the staff member organizing must have suitable training and current qualifications. All staff members must be aware of the increased duty of care.
- The teacher in charge will ensure that student medical forms are available at the site and all camp staff are aware of special medical issues or medication requirements of any student.
- One staff member will be designated to take responsibility for administering student medication if required. (following consultation with parents and/or appropriate medical practitioners)

**Site Safety**

- All safety requirements must be considered and adequately resolved prior to the camp. Telephone numbers of all emergency services must be provided to the College, and be taken on camp. If any swimming activities are to occur, there must be sufficient staff attending with appropriate swimming qualifications to enable safe supervision.
Refer: Safety Guidelines for Education Outdoors

- A designated “Teacher in Charge” will coordinate each camp. All camps will have an experienced teacher in attendance where possible.
- The Teacher in Charge will ensure all students and adults attending the camp are aware of evacuation and emergency procedures.
- The teacher in charge will communicate the anticipated return time with the administration office in the case where camps are returning out of school hours. Parents will be informed prior to students leaving for the camp, that they can phone the office to receive an updated anticipated return time.

Approval Proforma for all Excursions and Activities Requiring School Council Approval

Department of Education and Early Childhood Development

This proforma details minimum requirements for council approval. It must be submitted to the principal for school council approval prior to the excursion.

All information on this proforma is required. Add attachments if necessary.

School councils are responsible for approving:

- overnight excursions
- camps
- interstate/overseas visits
- excursions requiring sea or air travel
- excursions involving weekends or vacations
- adventure activities.

Complete the Student Activity Locator online form three weeks prior to the excursion. Sections with an * have explanatory notes included at the end of this document.

Ensure you have the most current version of this template

EXPLANATORY NOTES

Dates
Consider how the time of year may impact on the wider school program or the effect of seasonal weather conditions.

Educational purpose and program outline
Whatever you hope the students will learn from the program is its educational purpose. The program overview should give school council a basic understanding of how the program aims to achieve the educational purpose.

For example: A three-day residential camp including bushwalking and orienteering to encourage an understanding of the natural environment; develop team working ability; and, introduce map reading and navigational skills in an experiential way.

The supervision strategy should include the nature and level of supervision provided throughout the excursion or activity. You must consider all programmed and non-programmed periods.

Each different location in must be detailed, including the dates at each location. This will have an impact on transport requirements and the emergency response needs of the program.

Contact land managers to determine if permit or access requirements apply for activities that are conducted on public land or in state/national parks.

Joint excursions with other schools must be approved by each school council. Each school must submit an online notification to the Emergency Management and Security Branch.

Overnight accommodation
This includes all forms of overnight accommodation.

Residential camping is at sites with permanent facilities like dormitories, kitchen, showers, toilets, phones and recreation options.

Residential campsites operated or used by Victorian government schools must be accredited with a Department of Education and Early Childhood Development recognised accreditation provider. Refer to the School Policy and Advisory Guide, Venue Selection for current accreditation providers.

When using venues that do not require accreditation such as caravan parks, motels/hotels or ski lodges, schools may wish to refer to the accreditation criteria of a recognised accreditation provider when developing their risk management plan.

Provide details of all accommodation being used with your submission to school council.

Transport
Internal transport is provided by school-owned or private, staff-owned vehicles. External transport is transport provided by contractors, parents or other external providers.

The parent consent form should include a statement advising parents if a private vehicle is used as part of the emergency management plan for a camp or excursion.

If a teacher or staff member will be driving students, the program should allow them adequate rest time prior to driving, consistent with the advice on the transport page of the Safety Guidelines.

Give careful consideration to securing equipment during transportation, including equipment on trailers, roof racks and inside vehicles.

Supervising staff
A Working with Children Check is required for staff members who will supervise students and who are not registered teachers. This does not apply to parent volunteers whose child is participating in the activity/excursion.
Appendix B

1. Post Approval Requirements

If the camp receives School Council approval, based on the information under Points 1-8, the teacher-in-charge must work with the Assistant Principal to ensure the following procedures are carried out before the camp:

(i) Notify the Region on a “Notification of School Activity” form kept by the Principal or online.

(ii) Ensure students/parents receive 4 sheets:
    (a) Camp description including clear costs, dates, modes of travel, contact numbers and aims/activities.
    (b) Permission form and a code of conduct sheet – this form must be signed by both the student and parent.
    (c) Confidential medical report for School camps.
    (d) List of clothing/bedding/safety gear required.

(iii) Provide a list of students, staff and a daily program to the Principal.

(iv) The teacher-in-charge should work with the Assistant Principal and any local authorities to ensure they are aware of disaster plan/escape routes for the area of the camp (if applicable).

(v) The first aid kit must be taken on all camps.

(vi) No student may attend camp unless all forms are signed and returned and camp fees paid (unless special arrangements are made with the Principal). For some camps, School levies must be paid before a camp fee is accepted.

(vii) The Principal must be informed of any change of planned activities/itinerary.
Appendix C

Guidelines for teachers planning a camp or excursion

1. Introduction

Camps and excursions need to be planned well in advance and should relate to the curriculum being taught.

Students and their parents should be provided with information about the program’s educational objectives, the nature of the activities, clothing requirements, the venue and costs well in advance.

Prior to single day excursions in which students leave the school grounds for the purpose of engaging in educational activities, the approval of the principal must be obtained.

School Council is responsible for the approval of:

- overnight excursions
- camps
- interstate and overseas visits
- excursions requiring sea or air travel
- excursions involving weekends or vacations
- adventure activities

Before approving an excursion, consideration by the principal and/or School Council needs to include:

- the contribution of the activity to the School curriculum
- the adequacy of planning, preparation and organisation
- the provisions of the safety and welfare of students and staff
- the experience and competence of staff relative to the activities being undertaken
- the adequacy of student supervision
- the cost

A parent must provide written consent for their child to take part in an excursion. Parents asked to sign consent forms must be given sufficient information about the nature of the proposed activity, the risks involved and the degree of supervision.

Parental consent is required for the following reasons:

- to authorise the school to have the student in its care after normal school hours
- to authorise the school to take the student out of the school environment
- to alert the school to any medical condition or allergies of the student
- to authorise the school to consent to emergency treatment for the student
- for the parent to consent to any financial cost of the excursion
- for the parent to consent to the student being sent home in the event of any serious misbehaviour

Consent forms are to be taken on the excursion by the teacher in charge, and the designated school contact person should hold a list of participants, a copy of the consent forms and contacts in case of emergency.

In addition to any teachers employed by the DEECD or the School Council, excursion staff may include other adults on a volunteer or paid worker basis, such as parents, school services officers, community members, campsite staff and trainee teachers.
School uniforms must be worn on excursions.

School uniforms do not have to be worn on camps however students are asked to dress appropriately for the camp as per the clothing list included in camps notes sent home. This includes hats as per our Sun Smart and uniform policy.

Only students who display sensible and reliable behaviour at school will be taken on camps and excursions outside the school.

Sensible and reliable behaviour at camps and excursions will be expected at all times. **Students can be sent home if their behaviour warrants a severe consequence.**

2. **Planning**

Forward planning takes into consideration whole school demands and must ensure that the normal school program is not consistently disrupted.

Planning should include:

- a clear aim
- costing – transport, admission, etc (the costing must be realistic in terms of the nature of the experience and the resultant learning outcomes)
- the opportunity for payment in advance, by instalments or lump sum payment may be offered to parents
- staffing needs
- pre-visit if venue is new/unknown
- consideration of children whose parents may not be able to meet costs
- excursion book maintained for evaluation of the camp/excursion for future planning
- excursion approval forms to be completed and handed in one week prior to the activity
- arrangements for covering camp staff classes while they are away from school

3. **Preparation**

Preparation for any activity should include:

- quotes for transport
- booking of transport
- confirmation time for departure and return
- informing specialist teachers, parent helpers, area coordinator
- informing parents attending activity on discipline procedures
- preliminary classroom activities
- collection of monies
- arrangement for school cheque
- medical information, precautions and First Aid kit
Appendix D

Notification of School Activity (camps)

School councils are responsible for ensuring that the activities listed below are thoroughly planned, checked and documented in accordance with Department of Education & Training guidelines for the planning and conduct of camps, excursions and outdoor adventure activities.

If comprehensive information is required during an emergency, schools will be expected to provide it at any time of the day or week from the documentation prepared for the activity which is held by the school.

Relevant details about School Council approved camps and excursions must be entered into the DEECD database using the online notification form available at:

This notification should be provided three weeks prior to commencing the activity.

- overnight, weekend, interstate, overseas activities
- adventure activities
- non-adventure activities which, by their nature, location or timing, may be hazardous
- School closures, pupil free days, combined sports or cluster days

Notes:

1. An additional sheet listing the actual dates and locations of activities should accompany this form when the same activity is to be repeated on different occasions.
2. The coordinating school should complete the form for activities involving a group of schools.
3. Day excursions should be reported if activities are to be conducted by:
   - country schools - beyond the local town/city
   - rural schools - beyond the local area
   - metropolitan schools - beyond the greater metropolitan area

Note:
1. The indicative frequency may be relevant when assessing risk related to repeated activities or when objectives are to be delivered over discrete period of time but should not be the sole basis for assessment.
2. Likelihood may also involve consideration of exposure (e.g. if you live in a glass house you may be more prone to broken windows).

**DEECD Acceptability Chart**

- **Extreme = Intolerable** (without Executive Oversight): Immediately consider whether this activity should cease. Any decision to continue exposure to this level of risk would be made at Executive Officer level, would be subject to comprehensive analysis to generate a detailed risk treatment plan and be the subject of on-going oversight and high level review.

- **High = Tolerable** (with continual Management review): Consider whether this activity should continue. This decision would normally be made at senior levels, would be based on detailed analysis to generate a risk treatment plan and be subject to on-going review to ensure treatments remain effective and the benefits balance the risk.

- **Medium = Tolerable** (with frequent risk owner review): Exposure to the risk may continue provided it has been appropriately assessed, has been mitigated to *As Low As Reasonably Practical (ALARP)* and is subject to frequent review to ensure the risk analysis and treatment remain valid. Permanent/long term actions to reduce the risk should be considered.

- **Low = Acceptable** (with periodic review): Exposure to this risk is acceptable but is subject to periodic review to ensure the risk does not increase and evolving treatment(s) or accepted standards do not vary.

**Important Notes**

If you have answered “yes” to questions 6, 7, or 8 then the decision for the person to participate rests with the child’s doctor. The process in such situations is as follows:

- the person’s doctor or parents/guardians (if a student) may contact the school Principal for further information on the program and support available;
- a letter from the student's doctor, stating the doctor's decision must accompany this form.

**Parent Excursion Consent**

To obtain effective consent, schools need to provide sufficient information to parents about the nature of and risks associated with the excursion. Parents must be able to give informed consent to their child’s participation in the excursion after considering the risks. Specific information about the excursion should be included here or provided as an attachment. There must be full disclosure. Parents should also be given the opportunity to ask questions.

A risk assessment of all adventure activities must be completed and submitted to the school council as part of the approval process.
