## PRINCIPAL REPORT

This is the last newsletter for the term - wow it's been another busy term and it's hard to believe that it's half way through the year. It again has been an action packed one with lots of great learning for our students and some fantastic events, from sports days to incursions and excursions. The disco last Friday night was a real highlight for the students and we thank all our Parents Association (PA) helpers led by Shellie Murton for organising this fun filled night.

The last day of term for students is Friday 28<sup>th</sup> June; students will be dismissed at 2.20pm. Details of the schools end of term lunch is included in the newsletter. This term the menu item will be cheese toasties. Check out the flyer in coming pages for details. We will hold our assembly next week on Friday (instead of Thursday afternoon) at 2pm in the Sports and Performance Centre. On behalf of all the staff at MPPS, we wish you a happy, restful and safe holiday period and look forward to seeing you on Tuesday 16<sup>th</sup> July for the start of term three (as the Monday the 15<sup>th</sup> July is a Student Free Curriculum Day).

A reminder that this Friday the Student Representative Council (SRC) are holding a fundraiser for the World Wildlife Foundation. The aim is to raise funds to 'adopt' an animal from the list of endangered species. Students have the choice to dress up as a leopard, panda, elephant, orangutan, turtle or tiger. The most popular animal will be selected for a 12 month adoption. There will also be a colouring competition over the next week. For more information, students should ask their class SRC representative or class teacher.

Thank you to everyone that supported our World Environment Day fundraiser. The day without lights and the heater was a challenge. We appreciate the support of our community. We raised over \$400!

Our Year 5/ 6 students will finish their Winter Interschool sports (football, tee ball, netball & soccer) this Friday. All teams have improved their skills, leadership and had fun along the way.

Congratulations to the 10 students (Zac Megalla, Hannah Ristig, Tilly Baker, Dalia Martinez- Scidone, Aiden Davis, Charlotte Ristig and Emily Ross) who attended the Regional Cross Country a fortnight ago (5<sup>th</sup> June). Tilly, Aiden and Charlotte all progressed to the Western Metropolitan Regional finals being held tomorrow at Brimbank Park- Good Luck!

### Reports

Student reports will be sent home with students next Thursday 27<sup>th</sup> June. Within your child's envelope, you will receive information explaining the reports which includes each student's days absent from school. As part of our assessment and reporting timeline Three Way Conferences are scheduled for Tuesday 23<sup>rd</sup> July. Information regarding these sessions, including booking process will also be sent home with reports and can be found on our school website: [http://  
www.mpp.vic.edu.au/our-school/threewayconferences/](http://www.mpp.vic.edu.au/our-school/threewayconferences/)

## PRINCIPAL REPORT

### Supervision before and after school

A reminder to parents that students should not be arriving at school until supervision begins at 8.45am in the morning. If you need to drop your children off at school earlier than this time, they should be attending the Out of School Hours Care program run by the OSH Club. After-school supervision is provided until 3.35pm. At this time, a second bell signals the end of supervision by the school. Any students not collected by their parents by 3:35pm will be directed to wait at the office until their parent arrives. I appreciate your support with adhering to these times.

### Events Next Term

#### Intensive Swimming Program

Our Foundation to Year 4 intensive-swimming program begins on Monday 29<sup>th</sup> July and goes for two weeks (10 days in total). This important program greatly supports our swimming carnival in Term 1, builds confidence in and around the water as well as ensuring our students learn the curriculum around water safety. It also supports students with self-care, management, resilience and independence strategies, and provides an opportunity to learn with students outside the classroom environment. The program is subsidised by the Department of Education. Notes regarding this event will be sent home in the coming days.

#### MPPS Chess Tournament

The school will be hosting a chess tournament in term three on Wednesday 17<sup>th</sup> July. Details of the event are included in the following pages.

## Helping kids tolerate discomfort

by Michael Grose

Few right-minded people want children or young people to experience hardships or difficulty. However growing up generally means that kids will experience their fair share of hardships, frustrations and challenges which lead to uncomfortable feelings.

### Exercising their discomfort muscles

Tolerating discomfort is an important resilience skill. It refers to an ability to sit with an uncomfortable or emotionally painful feeling such as disappointment, apprehension, nervousness or fear. These emotions can be brought about as a result of not being picked for a team; getting lower than expected marks for an assignment; or going into new, unfamiliar situation such as school camp. These are the sorts of every day situations that can make some kids feel uncomfortable. It's helpful to think of discomfort as a 'muscle' that gets stronger with training. Each time a child or teen successfully tolerates discomfort they're reinforcing their ability to do so and cementing the knowledge that they can overcome emotional challenges.

### Opportunities to practise tolerating discomfort

Opportunities for practice are plentiful and are found in common situations such as when a child or teen is: feeling hungry; wanting something they can't have; having to end screen time; contributing to household chores when they don't feel like it; missing out on a job interview; asking someone on a date or not receiving a party invitation.

### It's not toughing it out

Tolerating discomfort doesn't mean toughing out an unbearable situation. It's teaching your anxious child to notice how they're feeling, naming their emotions, and practising acceptance of difficult feelings as they occur. This is done in the knowledge that what they're experiencing is temporary and that they're lovingly supported by a warm and comforting adult. Couple tolerating discomfort with social rewards (such as words of praise or shared fun activity) for coping behaviours and you're helping to build their personal resilience.

Hello Families,

What a fabulous (and fast) term we have had! The children were very lucky to have had a 4 week incursion with the Jamie Oliver team who taught us the skills to make healthy and delicious salads. The group have been very consistent with helping the educators with house-keeping duties and we have allowed the BSC & ASC groups to choose a movie of their choice once a week (usually on a wet-weather day).

Please don't forget to book your child in for Vacation Care ASAP as we do have limited spaces and the days are filling up fast. We will also cater for the Pupil Free Day on the 15th of July and we need at least 15 children booked in for the day to proceed.

Thank you,  
Oshclub Team

### How to Proofread Student Writing

When students write independently we ask them to be responsible for their own revision prior to showing it to their teacher. This gives the student the idea that they have ownership and a responsibility to check that the writing makes sense and to fix up any spelling or punctuation they can.

# HOW TO PROOF READ WRITING

Use a ruler to slide down your writing. It helps you check one line at a time.

## 1. Check the MESSAGE LEVEL

Will the reader understand my message?

Would it be better with something added or taken away?

## 2. Check the SENTENCE LEVEL

Do my sentences make sense?

Have I used paragraphs well?

Is my punctuation clear? (Capital letters . , " " ? ! - ; :)

## 3a. Check the WORD LEVEL

Could I use more powerful words?

## 3b. SPELLING. (Word Level continued)

Read the writing backwards to check for spelling errors and fix them. Keep using the ruler to go line by line.
